

MSFDA's in-house capacity building program

"Saksham"

in Blended mode!

HIGHLIGHTS

- Broaden educational perspectives related to the holistic development of students and society
- Dive into the multifaceted role of a teacher as a learning facilitator and mentor
- Understand and practice OBE with suitable active teaching-learning methodology and innovative assessments
- Technology integration for effective teaching-learning
- Blended mode experience that enables hands-on practice to introduce methods in the classroom

ELIGIBILITY

Faculty members from any discipline of higher education who are enthusiastic to participate in online and offline mode

REGISTRATION FEES:

Rs. 1000/- (Non-refundable, includes stay, food, training costs for the residential phase and resource material. Participants have to make their own travel arrangements.)

ABOUT

The program aims to sensitize HE teachers to 'holistic education' & 'role of an educator', and introduce contemporary student-centric teaching-learning methods.

BLENDED MODE

The first and third phases of the program are residential, with interactive and participatory sessions. The second phase will be online, with interactivity on chats and discussion forums. Resource material will be given through an LMS, and constructive feedback will be provided on assignments and reflective writing.
